

## **Responsible Gambling Fact Sheet**

### **Make a sure bet – know your limit.**

Potawatomi Bingo Casino considers responsible gambling its number one social priority and is committed to helping make people aware of the risks, and provide resources to those who need it.

The overwhelming majority of people who gamble do so responsibly and see it as a form of entertainment. However, there is a small portion of the population who develop a serious, sometimes uncontrollable, problem with gambling.

The Casino has taken numerous steps to increase awareness about the issue of problem gambling with both guests and team members. The ongoing efforts include:

- Team member training
- Supporting a self-restriction program
- Providing information inside the Casino about a problem gambling helpline
- Supporting organizations that are devoted to researching this disorder
- Participating in National Problem Gambling Awareness Week each March

Additionally, Potawatomi Bingo Casino collaborates with agencies that address responsible gambling, including the National Council on Problem Gambling and National Center for Responsible Gambling. The Casino works in partnership with and serves as the largest private contributor to the Wisconsin Council on Problem Gambling. With tens of the thousands of dollars contributed annually, Potawatomi Bingo Casino helps the WCPG offer a 24-hour helpline and provides training to counselors specific to gambling addiction.

Potawatomi Bingo Casino encourages its guests to gamble responsibly and to make a sure bet — know your limit.
