### **OVERVIEW:**

This isn't the kind of buffet you've come to expect. Dining at The Buffet is an experience guests will believe only after they visit. An experience that will bring them back again and again. Chefs preparing all-you-can-eat food right in front of our guests' widening eyes is what sets this buffet apart.

Six action stations bring guests flavors from around the globe. Mexican cuisine featuring fresh tortillas; pizzas, with your favorite toppings, fired up in our custom oven; chicken and vegetables slow-cooked in The Buffet's rotisserie oven; Asian noodles, meats and vegetables prepared in our oversized woks; and crepes cooked to order will provide the perfect dessert.

Specialty nights are a regular treat at The Buffet. Our Friday Night Fish Fry offers six fish selections including Lake Perch, Cod, Pike Walleye, and Tilapia. Seafood lovers will enjoy Alaskan snow crab claws, peel-and-eat shrimp, clam chowder, crab legs and other specialties from the deep.
